INT DIFF	0.021	0.021	0.021

The **Radical Conspiracy** has the look and feel of the original Conspiracy, but with the addition of the all-new HK22+ Solid cover, we have taken the Conspiracy motion to an all-new level. We have kept the core the same with an RG of 2.487, a differential of 0.056, and an intermediate differential of 0.021. The **Radical Conspiracy** has the making of a ball that can handle medium to heavy oil patterns.
